Dear David

Il-Bogan Bridge – Boonah-Beaudesert Road – Cyclist Concerns

I refer to previous correspondence and representations made on your behalf to Mr Andrew Wheeler, Deputy Regional Director, South Coast Region, Department of Transport and Main Roads, in relation to safety issues for cyclists at Il-Bogan Bridge, on Boonah-Beaudesert Road, at Bromelton.

I have subsequently received a response from Mr Wheeler, in which he has advised the following:

“Thank you for your enquiry on behalf of your constituents regarding cyclists on Il-Bogan Bridge on Beaudesert-Boonah Road at Bromelton.

“The department understands your concern regarding the safety of cyclists and I am therefore pleased to advise an investigation is underway to determine the feasibility of paving the unsealed sections between the end of the paved shoulders and the pedestrian bridge accesses. If the works are undertaken, bicycle directional signage will be installed on the southbound approach to direct cyclists to use the pedestrian bridge access.

“Additionally, to improve the safety of cyclists heading north, bicycle warning signage will be installed on the northbound approach warning motorists of the presence of cyclists”.

David, I trust this information is of assistance to you and thank you for your continued advocacy for road safety.

Yours sincerely
